企业简介 Enterprise profile

Zhengzhou LP Industry Co., Ltd.: Your Trusted Enamel Wire Manufacturer

Zhengzhou LP Industry Co., Ltd. is a company dedicated to the manufacturing of enamel wire, adhering to the principles of high quality, efficiency, and innovation to provide outstanding enamel wire products and services to customers.

Established in 1993 year, Zhengzhou LP Industry Co., Ltd. is headquartered in Zhengzhou, Henan Province, China. Over the years, the company has been committed to the research, production, and sales of enamel wire and has become one of the leading enamel wire manufacturers in China through continuous technological innovation and quality improvement. We also provides the copper coils and aluminum foils for transformer windings.

Strength One: Excellent Quality

Zhengzhou LP Industry Co., Ltd. is renowned for its excellent quality in enamel wire manufacturing. The company strictly adheres to international quality standards and employs state-of-the-art production equipment and processes to ensure that every enamel wire possesses high insulation, wear resistance, and conductivity.

Strength Two: Extensive Experience

Zhengzhou LP Industry Co., Ltd. boasts a highly experienced research and development team and production team, with years of experience in the enamel wire field. These professionals not only stay up-to-date with industry trends but also customize solutions based on customer requirements.

Strength Three: Global Service

The products of Zhengzhou LP Industry Co., Ltd. are exported worldwide, and we have established an extensive sales network and customer service system. No matter where our customers are located, we can respond to their needs promptly, provide professional technical support, and offer after-sales service to ensure customers can fully meet their enamel wire requirements.

铝带 Aluminum Foils / Strips

Features:

1. High Conductivity: Transformer aluminum strip exhibits excellent electrical conductivity, efficiently carrying electrical currents and reducing resistive losses.
2. Low Density: Aluminum has a relatively low density, making transformer aluminum strip lightweight
3. High Corrosion Resistance: Aluminum has good corrosion resistance, effectively resisting moisture and chemical substances that might corrode its surface.
4. Thermal Stability: Transformer aluminum strip maintains stability within its rated operating temperature range, with minimal deformation or annealing.
5. Wear Resistance: Transformer aluminum strip often undergoes surface treatments to prolong its service life.

Technical Specifications:

Product name	1050 1060 1070 1350 O Aluminium foil for Transformer winding
Grades	1050 1060 1070 1350
Temper	O
Specification	Thickness:0.2-3.5mm Width:20-1350mm
Quantity tolerance	±10%
ID	152.4,200,300,400 and 500mm
Surface treatment	Mill finish
Packaging	Wooden Pallet
Payment terms	TT,30% deposit and 70% balance before shipment,LC at sight
Delivery time	10 days
MOQ	5 Tons
Sample	The sample of Aluminium foil strip is available.
Remark	1050 1060 1070 1350 Aluminium foil strip can be customized.

实力 Advantages & Exhibitions

Zhengzhou LP Industry Co., Ltd. has the full capability to participate in foreign exhibitions. Firstly, we possess outstanding products and services. Secondly, we have a dynamic and experienced team. Furthermore, our financial position is robust. Participating in international exhibitions requires financial investments, including booth rentals, exhibit production, transportation, and accommodation expenses. Our company's financial strength is sufficient to support these expenditures and ensure that we can adequately showcase our capabilities and brand value. Lastly, we have clear objectives and strategies. Our participation is not merely for the sake of attending the exhibition but rather to seek new business opportunities, expand into international markets, establish partnerships, and enhance brand recognition on a global scale. We have formulated detailed plans and strategies to ensure that we can maximize the achievement of these objectives during the exhibition.
